Our focus is on the dance floor and getting the crowd to use it! At the end of the show we want everyone to be smiling and exhausted! We play songs that we love with the passion and authority that comes from years of collective gigging experience, and our aim is to take the audience on a ride that will include some of the best music of the 50s, 60s, 70s and 80s.

Classic songs from the rock, pop, blues and soul giants that shaped modern popular music.
